

First Impressions Families,

It has been my pleasure to serve our community for the past twenty years as your child's pediatric dentist. I have had the privilege of meeting and developing lasting relationships with a great number of patients in the Rhinelander and Wausau communities, and am forever grateful for how openly you all have welcomed me into your families. The best decision I made was moving back home to North-Central Wisconsin and contributing to the communities that raised me.

It is with a heavy heart but ambitious outlook that I announce my retirement from First Impressions as of this September 2021. You may see me around from time to time at the office as I plan on covering a few days a month to help my partners get a day off.

With more time spent at home this past year in the midst of the pandemic, I realized there are many things in life I have yet to experience with my family. My wife and I share a collective love for the outdoors and traveling, and my own kids are certainly not getting any younger, either. It's time for me to step back and finally check off a few ambitions on the family's growing bucket list.

I am fully confident your child will enjoy continued care with my fellow partners, and assure you will be in excellent hands with Dr.'s Ned Markey, John Clifford and Meghan Nation of First Impressions. Please know that all of your medical records are safely on file here and remain confidential through this transition. If you have any questions, you can contact our Operations Director Ashley McCauley at 715-842-4649.

My gratitude to you is boundless, I wish you and your family continued good health and happiness. Thank you.

Dr. Corey Brimacombe
